# PREFACE.

---

Mr. A. H. Lockwood has been a collector for many years and the result is here offered for the competition of fellow-Numismatists.

The late Samuel W. Treat was one of the oldest collectors in the Country and the sale of his collection is made by order of his Executor. We trust collectors will send in bids on the lots that interest them, as it keeps their name on our mailing list and the coming sales will be of great interest to every collector in the Country.

This sale though a small one yet has some excellent material in it—notably the 1858 silver dollar, line of gold dollars many of them of the Branch Mints. One of the rarest \$3 gold, 1873, is at the end of the sale.

After every sale errors in the bids crop out and we earnestly request collectors to revise their bids before sending them—See that your bid is on the number you desire to possess, that the figures are clear, remembering also that everything is sold at *so much* each piece; except proof sets or where otherwise stated.

All coins, medals or notes are guaranteed genuine and this holds goods indefinitely. Accounts are to be paid promptly.

Collectors unknown to us are required to have bank or other reference accompany their bids.

The coins are on exhibition at the auction rooms from 9 to 1 o'clock, day of sale, and at 2 o'clock sale begins and progresses at the rate of 200 to 250 per hour.

Our charge for executing bids is 10 per cent. of the *gross amount purchased*. No charge made for executing bids which do not secure any lot. The auctioneers will execute bids free of commission, but assume no responsibility and require payment prior to shipment of the lots bought.

Priced catalogues 40c (remit in stamps with order), will be supplied after sale.
